Assessment:
Assignments: 5%
Project 25%
Mid-term 20% Date: Wednesday, October 15, 2014
Final 50%

Note: Failure to complete all laboratory requirements will result in a grade of N being awarded for the course.

Due Dates for Assignments:
Homework will normally be assigned at the end of concept entities. The due dates will normally be one week
after the assignment. There will be approximately 6 assignments. Assignments will be collected but not
corrected. Solutions will be posted after the due date of the assignment.
The final grade obtained from the above marking scheme will be based on the following percentage-to-grade point conversion:
