Required Text
Title: Modern Control Engineering (5th Edition)
Author: Katsuhiko Ogata
Publisher: Prentice Hall
Year: 2009

Note: All assignments will come from the North American edition of this text and expressly not from any International additions. The end-of-chapter questions may be different between North American and International editions. It is solely the students’ responsibility to ensure that they are doing the correct questions from the correct North American edition.

Course Web Site: http://www.ece.uvic.ca/~sneville/Teaching/Elec360
Assessment:

Assignments: 10%
Labs: 10%
Mid-term 30% Date: Feb. 20th, 2015
Final 50%

Note: Failure to complete all laboratory requirements will result in a grade of N being awarded for the course.

Due Dates for Assignments:

All assignments will be due in one week after they are assigned. Any and all late assignments will not be marked and will receive a zero grade.

The final grade obtained from the above marking scheme will be based on the following percentage-to-grade point conversion:
